

Acetabular Reamers

 **enztec**

Acetabular Reamers

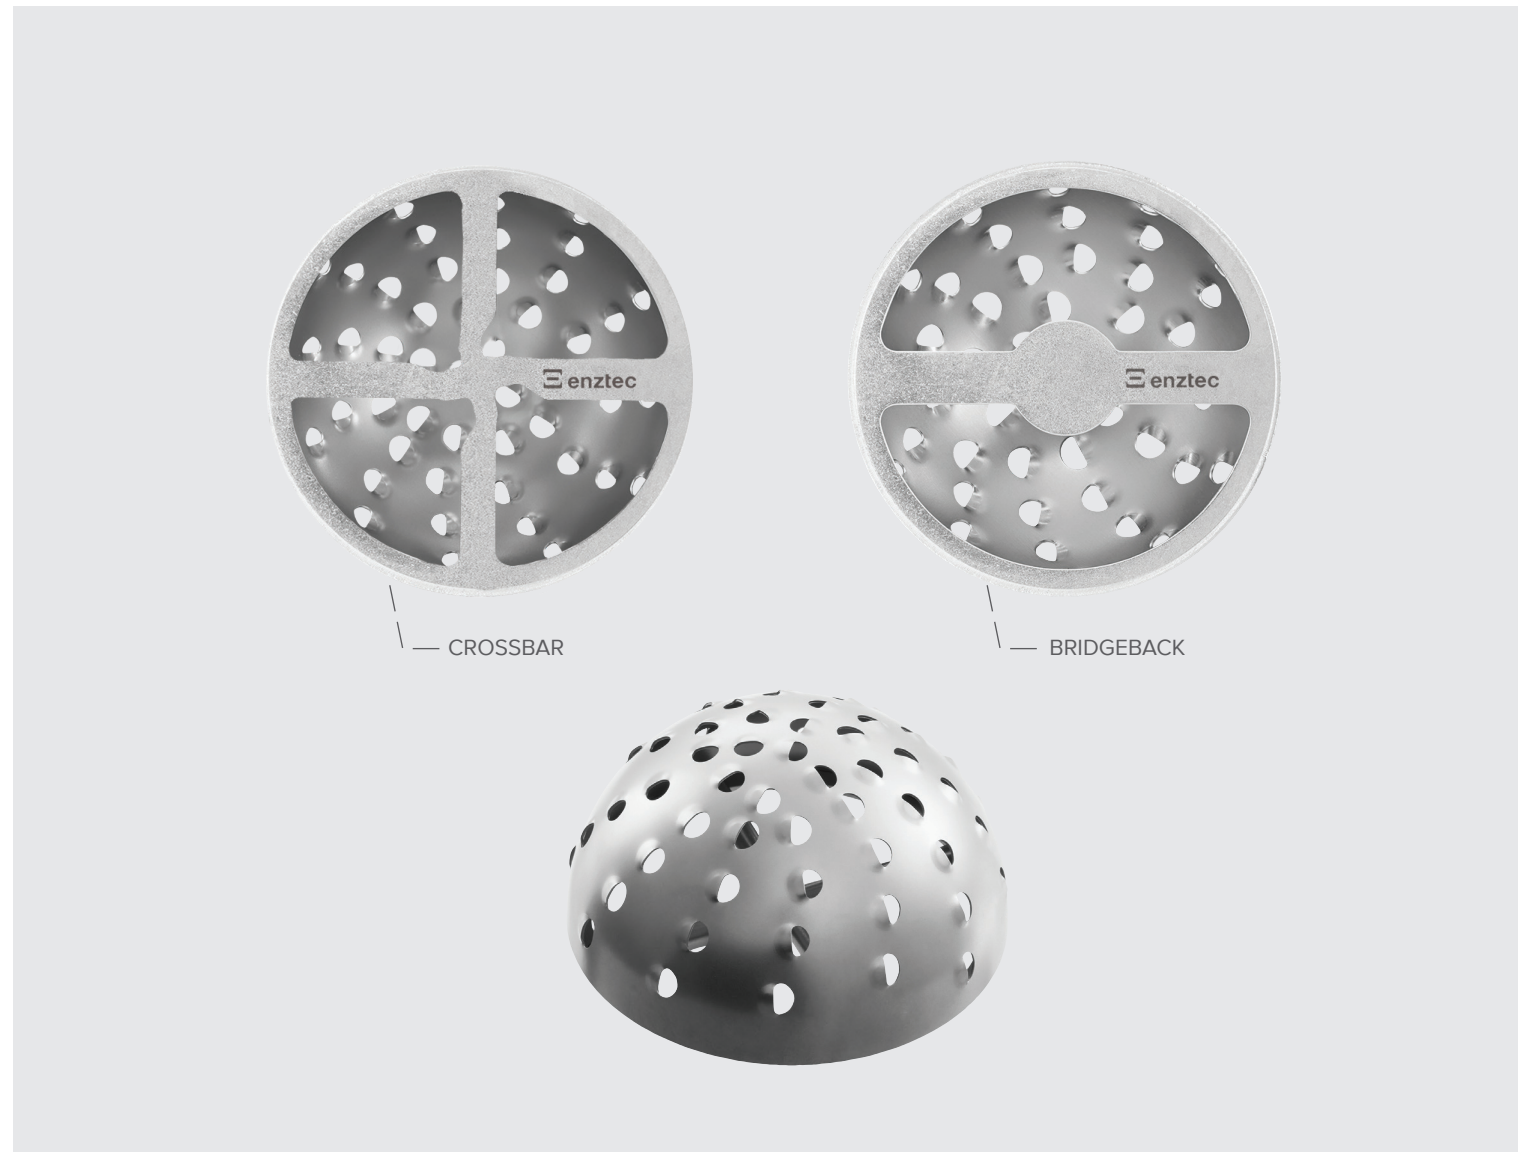

The Acetabular Reamers provide a more accurate ream through superior sharpness, consistent sizing and improved cutting efficiency.

Features:

- Available with a crossbar or bridgeback connection
- Testing has shown consistent sizing accuracy of +0.3mm
- Creates a smooth cut surface with low heat generation
- Full size range available in 1mm increments from 42mm to 66mm
- Compatible with most industry standard reamer drivers.

Enztec is focused on the design and manufacture of orthopaedic instruments. We are a proven, quality approved supplier to all major orthopaedic implant companies and welcome your enquiries.
